EDUCATION

2024 - 2028

VIDYALANKAR INSTITUTE OF TECHNOLOGY, MUMBAI

- Bachelor of Technology - Computer Engineering
- University of Mumbai | CGPA: 9.95

2022 - 2025

SETH HIRACHAND MUTHA COLLEGE, KALYAN

- Higher Secondary (HSC) – Science
- Percentage - 80.83%

SKILLS

- Programming Languages** : C, C++, Java, Python
- Web Technologies** : HTML, CSS, JavaScript, React.js
- Core Technical Foundations** : Data Structures & Algorithms, Object-Oriented Programming, Relational Database Concepts (SQL), Logical Reasoning & Problem Solving
- Professional / Soft Skills** : Team Collaboration, Time Management & Task Prioritization, Adaptability & Willingness to Learn, Attention to Detail

LANGUAGES

- English (Fluent)
- Marathi (Fluent)
- Hindi (Fluent)

PROFILE

A disciplined and goal-oriented Computer Engineer with a strong grasp of core engineering concepts and programming fundamentals. Possesses hands-on academic project experience, a structured approach to problem-solving, and a keen interest in building logical, efficient, and user-focused solutions. Actively seeking an entry-level opportunity to apply technical knowledge while continuously learning and evolving as a professional.

WORK EXPERIENCE

Software Development Intern

JUNE 2026 - AUGUST 2026

Capgemini | Semester 7

- Completed a structured, industry-oriented internship focused on practical software engineering practices and professional development.
- Trained in core programming concepts, the software development life cycle, and industry-standard coding conventions
- Assisted in debugging, testing, and refining code to improve functionality and reliability.

Event Management & Ticket Booking System

2025

Technologies: SQL (MySQL), HTML, CSS, JavaScript

- Developed a database-driven event management system that enables users to view events, book tickets, and manage booking records with real-time updates through frontend-backend integration.

Smart Attendance Tracker using Face Recognition

2024

Technologies: Python, OpenCV, SQLite

- Developed a Python-based attendance tracker using facial recognition to capture student images and mark attendance automatically. Used SQLite to store daily records and generate summary reports.

RouteEase - Bus Route Viewer & Ticket Fare Application

2024

Technologies: Java, Swing, Core Java, OOP

- Built a standalone Java Swing application to display bus routes, stops, and fare details, allowing users to select source-destination routes and calculate ticket fares using core Java logic.

ACHIEVEMENTS

- Completed Data Structures & Algorithms (DSA) course from HackerRank, demonstrating strong problem-solving and coding skills.
- Contributed to open-source Python projects on GitHub, improving code efficiency and collaborating with developers.
- Attended AI & Machine Learning workshop at IIT Bombay, gaining practical exposure to ML model implementation.
